“The Art of Reading Smoke”

Through dynamic teaching and the use of fire-ground video, attendees will learn the skill of reading smoke. You will learn about the attributes of smoke including *Volume, Velocity, Density, and Color*. Explore how those attributes will indicate Fire Size, Fire Location, and Predict Fire Behavior. Your strategic and tactical decision-making will improve through this class. The course was originally developed by Chief Dave Dodson who selected Phil as an adjunct instructor for the Reading Smoke curriculum after teaching with him at FDIC.
